### NURSING PLEDGE

I solemnly pledge myself before God and in the presence of this assembly: To pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug.

**NIGHTINGALE INSTITUTE OF NURSING**

**WHEN YOU START TO TRUST ALLAH MIRACLE WILL START TO HAPPEN**

## MESSAGE

Dear students and parents,

First of All I am thankful to almighty Allah then all interested Student for Admission in Nightingale Institute of Nursing.

The main purpose of establishing the Nightingale Institute of Nursing is to develop nursing professionals in Pakistan, especially in Sindh, who can serve the poor people of the motherland to the best of their ability along with their professional activities. Pakistan is currently facing many challenges, in which a major challenge is the budding and uncontrollable diseases that are not only taking roots in our country but are also making us economically pathetic and numb. I know that, it is not enough for me to face this challenge and I do not have the resources. I know what difficult and difficult situations I have to go through, but I have also gone through these difficult situations, which only I know and To my Creator and to those who have been with me at all times in these difficult situations in my mission. I have to accept this challenge and I will do it because this homeland is dear to me and I get peace and comfort from every corner of it and I have not felt the slightest bit of all the hardships it has caused me. I hope that my patriotic people and the younger generation will definitely benefit from this planted tree, especially the locality which is already deprived of many facilities. "Thank you dear God, for giving me strength to keep going"

## MESSAGE

### Message from the Executive Director

Dear Students and Esteemed Readers,

Welcome to the Nightingale Institute of Nursing, Tando Adam, and a Centre of excellence in Nursing Education. Our mission is to empower students to become compassionate, skilled, and ethical healthcare professionals who make meaningful contributions to society.

We offer comprehensive academic programs, led by dedicated faculty, with state-of-the-art facilities including modern classrooms, simulation labs, and a library. Plans for a secure hostel, a purpose-built campus, and a 200-bed hospital with advanced technologies reflect our commitment to innovation and growth, in parallel we emphasize the importance of serving the community through health camps, awareness programs, and outreach initiatives, preparing our students to address real-world challenges.

As we continue to grow, we remain steadfast in our mission to advance the field of nursing education and healthcare. We invite you to join us on this transformative journey, where your aspirations meet opportunities, and your dreams become a reality.

"May Allah guide us so that this institute can inspire knowledge, compassion, and a brighter healthcare future"

Best Regards:

**R.B Mangrio**

Executive Director

Nightingale Institute of Nursing,

Tando Adam

## THE ROLE OF NURSING IN PAKISTAN

The Nurse provides health care for the comfort and well-being of patients by promoting, maintaining and restoring health, preventing illness, injury or disability, caring for sick or dying, health teaching and collaborating with other members of the health team. Nursing care is directed at individuals, families and communities in a nondiscriminatory manner, regardless of race, colour or religion.

Nurses assist individuals, families and communities to develop self-reliance in promoting health, preventing disease and maintaining and restoring health. The goal of Nursing is to enhance the quality of living throughout the life cycle. Nurses function in a variety of settings at each level of the health care system.

The Nurse has a role in the provision of primary health, secondary, tertiary and rehabilitative care which aims to assist all people to have access to appropriate health care.

The nurse collaborates with members of the health team to help individuals, families and communities to meet basic needs. As a member of a health profession, the nurse recognizes the existing health problems of the country and assumes a leadership role in providing health care in different settings. The nurse is also responsible for her own professional development.

### DEFINITION OF NURSING.

Nursing is a profession in which the practitioner (Nurse) applies knowledge with skills and attitudes in the provision of comfort and care for the health needs of people. It is a dynamic, therapeutic and educational process by which the practitioner promotes health, prevents illness and participates in curative and rehabilitative health services to individuals, families and communities.
